

Kako do MS ID-a

Na linku <https://docs.microsoft.com/en-us/learn/certifications/> upiši kod ispita (npr. MD-101 microsoft exam)

The screenshot shows the Microsoft Learn Certifications page. At the top, there is a banner for "Microsoft Build" with the dates "May 25-27, 2021 | Free digital event" and a "Register now" button. Below the banner is a navigation bar with links for "Microsoft", "Docs", "Documentation", "Learn", "Q&A", and "Code Samples". A search bar and a "Sign in" link are also present. The main content area is titled "MICROSOFT LEARN Microsoft Certifications" and includes the text "Earn certifications that show you are keeping pace with today's technical roles and requirements. Select a job role to discover certification paths." and a "Go to Certification Dashboard" button. Below this, there are nine certification cards arranged in a 3x3 grid:

- Developer**: Developers design, build, test, and maintain cloud solutions.
- Administrator**: Administrators implement, monitor, and maintain Microsoft solutions.
- Solution Architect**: Solutions Architects have expertise in compute, network, storage, security.
- Data Engineer**: Data Engineers design and implement the management, monitoring, security, and privacy of data using the full stack of data services.
- Data Scientist**: Data Scientists apply machine learning techniques to train, evaluate, and deploy models that solve business problems.
- AI Engineer**: AI Engineers use Cognitive Services, Machine Learning, and Knowledge Mining to architect and implement Microsoft AI solutions.
- DevOps Engineer**: DevOps Engineers combine people, process, and technologies to continuously deliver valuable products and services that meet end user needs and business objectives.
- Security Engineer**: Security Engineers implement security controls and threat protection, manage identity and access, and protect data, applications, and networks.
- Functional Consultant**: Functional Consultants leverage Microsoft Dynamics 365 and Microsoft Power Platform to anticipate and plan for customer needs.
